SUBSTITUTE SEQUENCE LISTING STATEMENT

MAIL STOP MISSING PARTS
Commissioner for Patents
P O Box 1450
Alexandria, VA 22313-1450

Sir:

A Substitute Sequence Listing is being submitted herewith in paper and in computer readable form on diskette. The diskette is IBM/PC compatible and contains a single file, "1036c5 SEQLIST.TXT", the size of which is 151 KB, and was created on May 25, 2004 in MS-Windows 2000 format, pursuant to 37 CFR 1.821(f).

The undersigned verifies that, to the best of her knowledge after making a comparison, the content of the accompanying paper substitute sequence listing and computer readable form (CRF) substitute sequence listing on diskette are the same, and further that the contents of the accompanying substitute sequence and of the original sequence listing filed on November 6, 2003 are the same. The sequence listing has been amended to correct minor formatting errors as

noted in the Sequence Listing Error Report mailed on May 12, 2004. It is urged that none of these amendments constitute new matter.

Respectfully submitted,
